

INTERNATIONAL CONFERENCE

„FROM BENCH TO BED: CHALLENGES IN CANCER CARE“

DEDICATED TO 80TH ANNIVERSARY OF LITHUANIAN SOCIETY OF ONCOLOGY

SEPTEMBER 20-21, 2013

DRUSKININKAI

FRIDAY, SEPTEMBER 20

8.00–9.00	REGISTRATION. COFFEE	10.55–11.25	G. Kovacs (Germany) Interventional radiotherapy on the H&N
9.00–9.15	CONFERENCE OPENING WELCOME ADDRESS BY IOVU DIRECTOR PROF. N.E. SAMALAVIČIUS	11.25–11.55	J. Lyczek (Poland) Different techniques of APBI: from interstitial to SAVI
9.15–9.35	HISTORICAL ASPECTS OF LITHUANIAN SOCIETY OF ONCOLOGY HEAD OF LITHUANIAN SOCIETY OF ONCOLOGY ASSOC. PROF. S. R. LETAUTIENĖ	11.55–12.10	COFFEE BREAK
9.35–11.55	PLENARY SESSION. MODERATORS: S.R. LETAUTIENĖ, E. JANULIONIS	12.10–14.10	PLENARY SESSION. MODERATORS: S. CIEČNAS, R. GRIGIENĖ
9.35–10.05	R. Sullivan (UK) Delivering affordable global cancer care	12.10–12.40	Ch. Manegold (Germany) Lung cancer treatment: present and future
10.05–10.25	S.M. Magrini (Italy) New technology and new drug-radiation combinations: the difficult balance between innovation and costs	12.40–13.10	R. Pirker (Austria) Challenges in molecular biomarkers in diagnosis and treatment of lung cancer
10.25–10.55	K. Thielemans (Belgium) Perspectives of immunology	13.10–13.40	B. Ilse (Belgium) Lung cancer screening
		13.40–14.10	R. Smoliakova, V. Zharkov (Belorussia) Gene expression in lung ca diagnosis and treatment
		14.10–15.10	LUNCH

15.10–17.10	PLENARY SESSION. MODERATORS: N.E. SAMALAVIČIUS, E. JUOZAITYTĖ	17.10–17.25	COFFEE BREAK
15.10–15.30	P. Guex (Switzerland) Perspectives of psycho-oncology	17.25–18.45	PLENARY SESSION „ONCOUROLOGY“ MODERATORS: M. JIEVALTAS, A. ULYS
15.30–15.50	J. de Mey, H. Everaert (Belgium) PET/CT in Oncology	17.25–17.45	A. Fedorova (Russia) Possibilities of new ultrasound technology – „Histoscanning in diagnosis of prostate cancer
15.50–16.10	V. F. Chekhun (Ukraine) Adjuvant vaccine therapy in colorectal cancer patients	17.45–18.05	S. Krasnyj, O. Suchonko (Belorussia) Adequate radical treatment of bladder ca
16.10–16.30	J. Vermorken (Holland) The role of targeted therapies in locally advanced and 1st line recurrent/metastatic SCCHN management	18.05–18.25	F. Vandenbroucke (Belgium) Minimal invasive percutaneous treatment procedures in oncology
16.30–16.50	X. Delgadillo (Switzerland) Anal cancer	18.25–18.45	A. Merseburger (Germany) Emerging therapies for castrate- resistant prostate cancer: a urology perspective
16.50–17.10	J. W Nunoo-Mensah (UK) Multimodal approach to rectal cancer in 2013	18.45–19.00	DISCUSSION
		19.00–23.00	DINNER

SATURDAY, SEPTEMBER 21

9.00–13.00	PLENARY SESSION „NANO- BIOPHOTONICS, IONISING IRRADIATION, CANCER AND CELL TECHNIQUES“ MODERATORS: R. ROTOMSKIS, K. SUŽIEDĖLIS	10.40–11.05	F. Vetrone (Canada) Nanoparticles for Highly Efficient Multiphoton Fluorescence Bioimaging
9.00–9.25	C. Dufes (UK) Tumour regression after intravenous ad- ministration of novel tumour-targeted nanomedicine	11.05–11.30	COFFEE BREAK
9.25–9.50	H. Schneckenburger (Germany) 3D microscopy for visualizing a cytostatic drug and probing apoptosis of cancer cells	11.30–11.50	N. Cordes (Germany) 3D ECM based cell culture models for studying cellular resistance to ionizing radiation
9.50–10.15	M. C. Morris (France) Fluorescent Peptide Biosensors for probing kinase activities – new tools for cancer diagnostics, theragnostics and drug discovery	11.50–12.10	A. Kumar (USA) Cell-Mediated Nanoencapsulated Drug for Targeted Delivery into Lungs
10.15–10.40	Shan-hui Hsu (Taiwan) Fluorescent QDs for efficient labeling of hepatoma cell line and mesenchymal stem cells in vitro	12.10–12.40	L. Kelbauskas (USA) Integrated multiparameter single-cell analy- sis of metabolic phenotype, gene transcrip- tion levels and nuclear architecture in pre- malignant progression of Barrett's esophagus
		12.40–13.00	U. Riekstina (Latvia) Mesenchymal stem cell therapy biosafety issues
		13.00–13.10	CLOSING REMARKS
		13.10–14.10	LUNCH
