- 3. Ability to analyse Ancient and Modern Greek literary texts using certain interpretative schemes and analytic strategies.

Learning outcomes of the course unit	Teaching and learning methods	Assessment methods
Students - will acquire conversational and comprehension skills (corresponding to level B1) and develop understanding of the Modern Greek	The teaching method was developed by Prof. F. Eloeva and tested while teaching in a large number of European universities. The method is based on the application of a	Cumulative assessment: self- work and classwork in the semester period; analysis of the selected texts; written paraphrases of the studied
grammar system and will conceive its relation to Ancient Greek language;	hermeneutic approach to the etalon literary texts and rhetoric tradition. Texts are studied with full linguistic	texts; exam.

	and literary commentary, so the students' conversational skills are developed on the basis of samples of "high literature" with complex philosophical content.	
- will acquire the relevant knowledge about the most important texts of Greek literature;	Problem-focused lectures, classwork during seminars – texts analysis, discussions.	Cumulative assessment: self- work and classwork in the semester period; analysis of the selected texts; exam.
- will be able to understand the peculiarities of the development of Greek literature and culture;	Problem-focused lectures, classwork during seminars – texts analysis, discussions.	Cumulative assessment: self- work and classwork in the semester period; analysis of the selected texts; exam.
 will be able to integrate acquired theoretical knowledge, seeking deeper critical and logical competence to analyse and interpret linguistic, cultural and literary phenomena. 	Problem-focused lectures, classwork during seminars – texts analysis, discussions	Cumulative assessment: self- work and classwork in the semester period; analysis of the selected texts; exam.
