			requirements

Student's knowledge and skills during the session are assessed only if he/she fulfilled the requirements and assignments of a mid-term test during the semester.

Student's knowledge and skills throughout all the tests and the examination is assessed from 1 to 10 points. The course is passed if:

- The results of all the tests are not lower than 5 points;
- The mark of the examination is not lower than 5 points;

The final mark is presented not later than 4 days after the examination.

For the external examination, the following formula is applied: Final grade = (paper and its presentation grade)*0,5+ (examination grade)*0,5

In cases when the Assessment Strategy includes a written assignment (written work, research paper, project, etc.) and the Assessment Criteria do not include a defence or an oral presentation of the written work, the lecturer shall have the right to ask follow-up questions in order to make sure that no generative artificial intelligence (AI) tools (ChatGPT, etc.) were used by the student to prepare the assignment (i.e. the content of the work was not generated by AI tools) and, if necessary, to modify or cancel the evaluation of the work.

Evaluation strategy working remotely the same as expected.
