

Action Plan No. 1 (Vilnius University Employee/Student with Confirmed COVID-19)

¹ If a colleague/fellow student finds out about an employee/student with confirmed COVID-19, he/she informs his/her direct supervisor and the Civil and Work Safety Department.

² **Contacts** – name, surname, date of birth, job role and phone number.

³ **Person who had direct contact** – an individual who interacted with a COVID-19 patient **72 hours** before and (or) **10 days** after the onset of symptoms or an individual who interacted with a COVID-19 patient (who had no symptoms characteristic to the disease) **72 hours** before and **10 days** after the patient tested positive for COVID-19.

High-risk exposure:

- communication with an infected person at a distance of less than **2 metres** for more than **15 minutes** or direct physical contact;
- direct unprotected contact with bodily fluids contaminated with COVID-19;
- spending time in a confined space with a COVID-19 patient for more than 15 minutes.

⁴ **The isolation period (14 days)** is calculated as of the time of direct high-risk exposure to COVID-19. This isolation period **does not apply (for persons who potentially have the immunity)** or may be **shortened** in the cases specified and in accordance with the procedure laid down in the Order No V-352 of the Ministry of Health of the Republic of Lithuania of 12 March 2020 (as amended, see <https://e-seimas.lrs.lt/portal/legalAct/lt/TAD/ea60cec0650b11eaa02cac2a861120c/asr>).

⁵ The disinfection process of the premises is carried out only in cases where no more than 72 hours has elapsed since the last time the work/study premises were visited by a person with confirmed COVID-19.
