Language requirements

SEOULTECH requires a good knowledge of English or Korean in order to communicate and function in an academic context.

Insurance

Non-local students are required to have suitable and adequate insurance for the entire period of their study at SEOULTECH. The insurance should cover but not limited to travel, personal accidents, medical expenses (accident and non-accident), hospitalization and emergency evacuation/repatriation. If you do not have your own insurance coverage before coming to Korea, or if you wish to buy additional insurance, you may enroll in the SEOULTECH insurance plan. It provides relatively basic coverage such as personal accident and medical benefits. The SEOULTECH insurance plan begins on the first day of the semester. Payment will be due by the fifth day of the month following the start date of the semester. The cost will be about USD 90 per semester.

Visa

Once the student has been accepted for an exchange period at SEOULTECH, the office of international affairs will send him/her the Letter of Acceptance, which is necessary for the Student Visa (D-2). We highly recommend all students to apply for student visa in your home country via your local Korean embassy or consulate.
