

Liaoning University

Introduction

In the course of over half a century's development, Liaoning University has grown into a multiple-discipline comprehensive university, embracing Chinese language and literature, history, philosophy, economics, law, foreign languages, art, natural science, engineering and management. Liaoning University is one of the key universities listed in the nation's "Project 211" and affirmed by the Ministry of Education. The University has 24 colleges, which offer the whole 62 majors of undergraduate disciplines, 109 master-degree-granting disciplines and the university is also invested with authority to grant 33 doctorates.

Since 1965, Liaoning University has been admitting foreign students from over 70 countries, such as Korea, Russia, U.S.A., Japan, Italy, England, France, etc. Over 8000 long-term students and 3000 short-term students enjoyed their study in Liaoning University. The number of foreign students now on campus is approaching 700. Liaoning University welcomes the students from all over the world to study here.

Degree Programs

Bachelor's degree (4 years)

General Scholar (1-2years)

1. Chinese Language (Only for International students)
2. Chinese Language and Literature
3. Advertisement
4. Journalism
5. History
6. Archives
7. Philosophy
8. Administration
9. Labor and Social Security
10. Economics
11. National Economic Administration
12. Statistics
13. Public Finance
14. Management of Engineering
15. Finance
16. Insurance
17. International Economics and Trade
18. International politics
19. Accounting
20. Marketing
21. Business Administration
22. Tourism Management
23. Science of Law
24. Broadcasting and TV Editing and Directing
25. Broadcast and Television Journalism
26. Pure and Applied Mathematics

27. Information and Computational Science
28. Physics
29. Applied Physics
30. Measurement and Control Technology and Instruments
31. Electronics Science and Technology
32. Chemistry
33. Applied Chemistry
34. Material Composition Test in Chemistry
35. Biotechnology
36. Biological science
37. Biochemistry and Molecular Biology
38. Environmental Science
39. Ecology
40. Computer Science and Technology
41. Communication Engineering
42. Electronic Information Science and Technology
43. Information Management and Information System
44. Inorganic Nonmetallic Material Engineering
45. Electrical Engineering and Automatization
46. Environmental Engineering
47. Pharmaceutical Engineering
48. Food Science and Engineering
49. Project Management
50. Human Resources Management

Master's degree (3 years)

Senior Scholar (1-2 years)

1. MTCSOL (Mater of Teaching Chinese to Speakers of Other Languages)
2. Marxist Philosophy
3. Chinese Philosophy
4. Foreign Philosophy
5. The Study of Religion
6. Politics Theory
7. Administration
8. Political Economics
9. History of Economic Thoughts
10. Economic History
11. Western Economics
12. Economics of Regulation
13. National Economics
14. Regional Economics
15. Public Finance
16. Finance
17. International Trade
18. Labour Economics

19. Statistics
20. Quantitative Economics
21. Political Finance
22. Financial Engineering
23. Government Economics
24. Investment Economics
25. Insurance
26. World Economy
27. Transition Economics
28. Economics of Catch Up
29. International Politics
30. International Relationship
31. Diplomacy
32. Comparative Economic Systems
33. Industrial Economics
34. Technological Economics
35. Accounting
36. Enterprise Management
37. Tourism Management
38. Technological Economics and Management
39. Population, Resources and Environmental Economics
40. Demography
41. Social Security
42. Theory of Law
43. Law History
44. Constitution Law and Executive Law
45. Criminal Law
46. Civil Law and Commercial Law
47. Procedural Law
48. Economic Law
49. Environment and Natural Resources Protection Law
50. International Law
51. Chinese and Foreign Political Institution
52. Scientific Socialism and International Communist Movement
53. History of the Communist Party of China
54. Fundamental Principles of Marxism
55. History of Marxism Development
56. Study on Sinicization of Marxism
57. Marxism Research Abroad
58. Ideological and Political Education
59. Study on Basic Issues in the Modern History of China
60. Folklore
61. Literary and Artistic Theories
62. Linguistics and Applied Linguistics
63. Chinese Linguistics and Graphemes
64. Chinese Classical Documents

65. Ancient Chinese Literature
66. Contemporary Chinese Literature
67. Chinese Ethnic Language and Literature (Manchu Literature)
68. Journalism
69. Communication
70. Comparative Literature and World Literature
71. Linguistics and Applied Linguistics in Foreign Languages
72. Radio and Television Art
73. Radio and Television (TV Playwright and Director)
74. Historical Theories and History of Historical Science
75. Archeology and Museology
76. Historical Geography
77. Historical Philology
78. Specialized History
79. Ancient Chinese History
80. Modern Chinese History
81. World history
82. Science of Archives
83. Applied Mathematics
84. Theoretical physics
85. Atomic and Molecular Physics
86. Microelectronics and Solid-State Electronics
87. Measuring Technology and Instrument
88. Inorganic Chemistry
89. Analytical Chemistry
90. Physical Chemistry
91. Organic Chemistry
92. Chemistry and Physics of Polymers
93. Applied Chemistry
94. Microbiology
95. Biochemistry and Molecular Biology
96. Sitiology
97. Computer Soft ware and its Theory
98. Applied Technology of Computer
99. Ecology
- 100.Environmental Science
- 101.Pharmacochemistry

Doctor's degree (3 years)

Senior Scholar (1-2 years)

1. Marxist Philosophy
2. Political Economics
3. History of Economic Thoughts
4. Economic History

5. Western Economics
6. Economics of Regulation
