# Summer at Ashoka University

Are you considering India as a destination during Summer 2024? Join Ashoka's summer immersion programme! Get a taste of India with **Summer Courses** on Indian Civilisations, History, Economics & Business, International Geopolitics, Visual Arts and more.

Students can opt for **Ashoka International Summer Research Programme (AISRP)** which offers a range of exciting projects in cell biology, genomics, neuroscience, climate & health to magnetization reversal, dihydrogen technologies and more. Some of the projects will provide students with experiential learning opportunities in the nearby field sites.

During the summer programme, the residential campus provides a great opportunity to learn about India, get a global perspective in classroom discussions and debates; and explore New Delhi and other places over the weekends to get a cultural taste of a vibrant country.
