APPROVED
by Resolution No. S-2016-8-2 of 20 September 2016
of the Senate of Vilnius University
(wording of Resolution No. SPN-46 of 22 September 2026
of the Senate of Vilnius University)

REGULATIONS OF THE LIFE SCIENCES CENTER OF VILNIUS UNIVERSITY

CHAPTER I
GENERAL PROVISIONS

1. The Life Sciences Center (hereinafter the 'Center') of Vilnius University (hereinafter the 'University') shall be the internal organisational structure of the University with the status of a core academic unit, within which all types of the principal activities of the University shall be carried out. The Center shall exercise internal autonomy, the limits of which shall be determined by these Regulations.

2. The Center shall be established and liquidated, and its Regulations approved, by the Senate of the University (hereinafter the 'Senate') upon proposal from the Rector of the University (hereinafter the 'Rector').

3. The Center shall carry out its activities in accordance with the Statute of the University (hereinafter the 'Statute'), the Regulatory Framework for Research, Artistic Activity, and Studies, these Regulations, other legal acts passed by the Senate, the Council of the University, the Rector, and the governing bodies of the Center within their competence, and the laws and by-laws of the Republic of Lithuania.

4. The activities of the Center shall be financed from the appropriations from the State budget, the own funds of the University, and other lawfully acquired funds.

5. The Center shall possess a Senate-approved Center flag, template, logo, and seal that correspond to the traditions of the University and comply with the requirements set out in the Visual Identity Guide of Vilnius University. The Center's website shall comply with the requirements set out in the Visual Identity Guide of the University. The template and seal of the Center shall be used in the Center's operational documents attributed to the Center's competence.

6. The self-governance of the Center shall be implemented by the Council of the Center (hereinafter the 'Council'), established under the procedure laid down by the Statute, the Description of the Procedure for the Election of Members of the Councils of Core Academic Units approved by the Senate, and these Regulations.

7. The Center shall be headed by the Director of the Center, who shall be responsible for its activities and shall be elected and appointed under the procedure laid down by the Statute, the legal acts approved by the Senate, and these Regulations.

8. The structure of the Center shall comprise the governing bodies of the Center (the Council and the Director of the Center) and the internal organisational structures – the branch academic units and the branch non-academic units.

9. In accordance with the procedure laid down by the laws and the legal acts of the University, the Center may have the right to independently take decisions on public procurement and independently carry out procurement, have a separate budget line for procurement, independently conclude procurement contracts, and use its budget for making payments pursuant to those contracts.

CHAPTER II
THE PURPOSE AND OBJECTIVES OF THE ACTIVITIES

10. The activities of the Center shall be based on the mission, objectives, and principles of activities of the University set out in the Statute, and the priorities provided for in the Action Plan of the Center. The purpose of the Center's activities shall be the following: training highly qualified

specialists and researchers; developing research of a high international level; ensuring the unity of science and studies; ensuring the quality of research and studies; participating in innovative activities and high-tech business development; educating active and responsible citizens and leaders of society.

11. The main objectives of the Center shall be the following:

11.1. to initiate, organise, and conduct research in the area of natural and technological sciences, as well as interdisciplinary research of the international level, to pursue the dissemination of scientific and technological achievements locally and internationally;

11.2. to initiate, organise, and conduct studies of all cycles and non-formal studies, train researchers, participate in training teachers, and carry out other educational or teaching (lecturing) activities;

11.3. to join international research networks and institutions, implement advanced best practices in the area of research and study organisation;

11.4. to participate in national and international scientific, studies, and educational programmes and projects, taking into account their relevance to the fields of activities developed by the Center;

11.5. to build state-of-the-art infrastructure for research, experimental, social, and technological development, and innovation activities, based on the principles of open access;

11.6. to promote and develop cooperation among science, business, and public sectors by transferring technologies and implementing innovations, cooperate with Lithuanian and foreign higher education, research, and business institutions, as well as social partners, and represent the University locally and worldwide;

11.7. to carry out and develop service provision, consulting, and expert activities;

11.8. to nurture the values and long-standing traditions of the University, to encourage the participation of members of the Center community in general University activities, as well as their socially responsible behaviour and volunteering;

11.9. to nurture and develop relations with the Center's alumni;

11.10. to carry out other activities necessary for the implementation of the University Strategic Plan.

12. The purpose and objectives of the Center shall be implemented by the Center community.

13. In accordance with the University Strategic Plan, the Center shall prepare and implement its Action Plan, which shall identify the priorities, measures for their implementation, time limits, indicators, resources, and persons responsible for the implementation of measures. The Action Plan of the Center shall be drawn up for a period of five years in accordance with the University Strategic Plan and the purpose and objectives of the Center.

CHAPTER III
THE COUNCIL

14. The Council shall be a collegial self-governance body of the Center formed for a period of four years.

15. Members of the Council, with the exception of the *ex officio* member of the Council and student representatives of all study cycles of the Center, who are delegated under the procedure laid down by the Students' Representation of the University, shall be elected in a direct election by research and teaching staff of the Center (hereinafter the 'electors') meeting the requirements specified in Article 12(4) of the Statute.

16. The Council shall comprise 15 members:

16.1. three professors and/or research professors working at the Center and conforming to the requirements set out in Article 12(4) of the Statute;

16.2. three associate professors and/or senior researchers working at the Center and conforming to the requirements set out in Article 12(4) of the Statute;

16.3. three other members of the academic community working at the Center and conforming to the requirements set out in Article 12(4) of the Statute or members of the non-academic community with at least three years of uninterrupted work experience at the University working at no less than 0.5 full-time equivalent;

16.4. three student representatives of the Center in accordance with the requirements of Article 21(11) of the Statute;

16.5. two representatives of the Center's social partners;

16.6. Director of the Center (*ex officio* member).

17. The general requirements for the procedure for electing and recall of the members of the Council are set out in the Description of the Procedure for the Election of Members of the Councils of Core Academic Units approved by the Senate. A Council member may be recalled by the entity that has elected or appointed the said Council member due to a crime, misdemeanour, administrative offence, disciplinary or official misconduct, gross violation of the Statute, the Code of Academic Ethics, or any other breach of legal or moral norms committed by them that is incompatible with the duties of a Council member. Additional grounds and procedures for recalling student representatives from the Council may be set out by the Students' Representation of the University.

18. Each branch academic unit of the Center shall be represented by no less than one representative of each of the categories indicated in Items 16.1–16.3. The requirement in this Item shall not be applied to branch academic *sui generis* units.

19. The Council election (including the registration of candidates) shall be organised and its results established by the electoral commission of the Center. The composition of the electoral commission of the Center, upon proposal from the Director of the Center, shall be approved, and its chairperson shall be appointed by the Central Electoral Commission. Members of the electoral commission may not stand as candidates to members of the Council. Members of the Council – student representatives – shall be appointed (elected) following the procedure laid down by the Students' Representation of the University in accordance with the requirements laid down in Article 21(11) of the Statute.

20. The Council shall elect its chairperson from among its members. Upon proposal from its chairperson, the Council shall approve the deputy chairperson. The Director of the Center, their deputy, and the student representative shall not be elected the chairperson of the Council or the deputy chairperson. The chairperson and the deputy chairperson of the Council shall not be employed at the same branch unit. In the event that the chairperson of the Council is unable to perform their duties due to illness or other important reasons, their functions shall be performed by the deputy chairperson of the Council.

21. The activities of the Council shall take the form of meetings. A meeting of the Council shall be deemed lawful if it is attended by at least two-thirds of the members of the Council. In the exercise of its powers, the Council shall adopt resolutions. Resolutions of the Council shall be adopted by a simple majority of the present members of the Council, except in cases when these Regulations or the Rules of Procedure of the Council call for a qualified majority. Minutes of the Council meetings, resolutions, and legal acts approved thereby shall be registered in the University document management system and made public following the procedure established in the Rules of Procedure of the Council.

22. Members of the Council must notify the Council of any potential conflict of interest that may arise from addressing a matter on the agenda for a meeting, which is related to economic or social benefit for the member of the Council and assessment of their activities, and in other cases when their participation in voting would be unethical, and withdraw themselves from consideration and decision-making on that matter. A member of the Council shall have a duty to withdraw in any of the following circumstances, when:

22.1. the matter directly relates to the member of the Council themselves;

22.2. the matter relates to persons with whom the member of the Council is related by a close relationship of consanguinity, affinity, marriage, partnership, or guardianship;

22.3. the member of the Council, their spouse (cohabitant), or their close relatives have a direct or indirect interest in the outcome of the matter under consideration;

22.4. there are other circumstances that may call into question the impartiality of the member of the Council.

23. The Council shall:

23.1. approve its Rules of Procedure;

23.2. elect the Director of the Center and submit the candidature to the Rector for appointment;

23.3. express no-confidence in the Director of the Center if it is voted for by at least two-thirds of all members of the Council, or by a simple majority decide on no-confidence in the Director of the Center expressed by the Rector;

23.4. in the event that the Rector, by a reasoned decision, does not appoint the Director of the Center elected by the Council, organise a repeated election for the position of the Director of the Center;

23.5. upon proposal from the Director of the Center, approve the Action Plan of the Center;

23.6. consider and approve the annual performance report of the Center submitted by the Director of the Center and submit the Council's decision and the performance report of the Center on the implementation of the Action Plan of the Center to the Rector for familiarisation no later than 1 March;

23.7. in the event that the Council does not approve the annual performance report of the Center, the Rector is informed thereof and a period of one month shall be granted within which the Director of the Center is to correct and/or revise the report and present it to the Council for reconsideration; if the Council repeatedly refuses to approve the annual performance report of the Center, the Council then issues a vote of expressing no-confidence in the Director of the Center and immediately informs the Rector thereof; in this case, the Rector may also express no-confidence in the Director of the Center;

23.8. upon proposal from the Director of the Center, establish the number of their deputies, approve the Deputy Directors and their areas of activity;

23.9. upon proposal from the Director of the Center, establish or liquidate branch academic units and propose to the Rector that related amendments to the Regulations of the Center be submitted to the Senate for approval;

23.10. upon proposal from the Director of the Center, consider and approve the regulations of branch academic units;

23.11. upon proposal from the Director of the Center, consider and propose to the Rector that amendments to the Regulations of the Center be submitted to the Senate for approval;

23.12. upon proposal from the Director of the Center, consider proposals to the Rector on the establishment and liquidation of branch non-academic units (except for the School of Doctoral Studies);

23.13. approve, upon proposal from the Director of the Center, the internal allocation of the Center's funds among its units, the draft annual revenue and expenditure estimate of the Center, and the report on the implementation of that estimate;

23.14. upon proposal from the Director of the Center, approve the fields of scientific research, the topics (programmes) of research, experimental, and technological development, and innovation activities of the Center;

23.15. select and submit to the Rector for approval the composition(s) of the Doctoral Studies Committee(s) for the relevant field(s) of science;

23.16. consider study programmes and submit them to the Senate for approval following the procedure established at the University;

23.17. establish the committees for study programmes implemented at the Center and approve their chairpersons;

23.18. consider proposals from the Director of the Center regarding student places at the Center and the requirements for admission;

23.19. upon proposal from the Director of the Center, approve the legal acts regulating research and studies at the Center that do not fall within the competence of the Senate and the Rector or their authorised person;

23.20. get familiarised with the outcomes of the institutional evaluation, comparative expert assessment, and formal assessment of research activities and study fields, the implementation plans of submitted self-analyses and feedback reports or recommendations, and monitor the implementation plans;

23.21. consider proposals from the Director of the Center to the Rector to announce competitions for the positions of professor and research professor;

23.22. consider and submit to the Rector the candidates for the titles (status) laid down in the Regulations on Emeritus, Affiliation, and Honours of the University;

23.23. upon proposal from the chairperson of the Council, establish the Academic Ethics Commission of the Center and appoint its chairperson;

23.24. upon proposal from the chairperson of the Council, establish the Dispute Resolution Commission of the Center and appoint its chairperson;

23.25. upon proposal from the Director of the Center and upon the approval of the Pro-Rector for Research of the University establish and liquidate the School of Doctoral Studies;

23.26. perform other functions established in the legal acts of the University, as well as exercise powers not directly specified in the legal acts that relate to the purpose of the Council laid down by Article 28(3) of the Statute and Item 6 of these Regulations.

CHAPTER IV
DIRECTOR OF THE CENTER

24. A person who conforms to the requirements for a head of a core academic unit specified in the Statute shall be eligible to be appointed the Director of the Center.

25. The Director of the Center shall be responsible and accountable to the Council and the Rector. The Director of the Center shall be an *ex officio* member of the Rectorate and shall participate in the strategic governance of the University. On the issues of the economy and asset management, as well as other issues of the organisation of non-academic activities of the Center, the Director of the Center shall also be accountable to the Chancellor of the University (hereinafter the 'Chancellor').

26. The Director of the Center shall be elected for a period of five years in accordance with the Statute and these Regulations.

27. The competition for the position of the Director of the Center shall be announced by the Council at least four months before the end of the term of office of the outgoing Director of the Center. The time limit set out in this Item shall not apply when the mandate of the Director of the Center is terminated before the end of the term of office on other grounds.

28. The competition for the position of the Director of the Center (including the registration of candidates) shall be organised and its results shall be established by the electoral commission of the Center. Members of the electoral commission of the Center may not stand as candidates for the position of the Director of the Center.

29. Under the procedure laid down by the Statute and these Regulations, the Director of the Center shall be elected from the self-nominated candidates to the position by secret ballot by the Council, which then shall submit the elected candidate to the Rector for appointment. The Director of the Center shall be considered elected if the candidate receives more than half of the votes of all members of the Council.

30. If none of the candidates receive more than half of the votes of all members of the Council, a repeated secret ballot shall be organised, in which the candidate who received the highest number of votes during the first round and the candidate who received the second highest number of votes (or more than one candidate if they received an equal number of votes), or two or more candidates who received the highest and equal number of votes shall participate. If the Director of

the Center is not elected in the repeated voting, the Council shall announce a new competition for the position of the Director of the Center.

31. The results of the election for the position of the Director of the Center shall be published by the electoral commission of the Center on the website of the Center no later than the next working day after the election. The results of the election for the position of Director of the Center, no later than within two working days after they were made public, may be appealed by submitting a complaint to the Central Electoral Commission, which, no later than within five working days, shall examine the complaint and leave the results of the election unchanged or declare the election invalid. Having declared the election invalid, a repeated secret ballot shall be organised with the participation of all candidates.

32. The Council shall inform the Rector in writing of the results of the successful election for the position of Director of the Center no later than the next working day, proposing to appoint the elected candidate as the Director of the Center. If the elected Director of the Center is not appointed to the position by a reasoned decision of the Rector, the Council shall announce a repeated election for the position of Director of the Center. Until the Director of the Center is elected, the Rector shall appoint one of the deputies to the outgoing Director of the Center to act as a temporary head of the unit, or, in the event that there are none – another employee of the Center.

33. The same person shall not serve as the Director of the Center for longer than two consecutive terms of office. This provision shall also apply when the person did not hold the position of Director of the Center for a full term of office (during either of the terms of office).

34. The Director of the Center shall have deputies, one of whom shall be responsible for the organisation of studies at the Center, whereas others – for research, the use and development of the infrastructure of the Center and other areas. All deputies to the Director of the Center shall be subordinate and accountable to the Director of the Center. Upon the proposal from the Director of the Center, the deputies to the Director of the Center and their areas of activity, as well as decisions on their dismissal, shall be taken by the Council.

35. The term of office of the deputies to the Director of the Center shall correspond to that of the Director of the Center: after the election and appointment of the new Director of the Center, the terms of office of the deputies to the outgoing Director shall expire. The newly elected and appointed Director of the Center may submit a proposal to the Council to temporarily extend the term of office of the deputies to the outgoing Director of the Center until new deputies to the Director of the Center are appointed following the procedure established in these Regulations.

36. Director of the Center shall:

36.1. be responsible for the management of the Center and the implementation of the Action Plan of the Center in accordance with the University Strategic Plan;

36.2. be responsible for the compliance of the activities of the Center with the Statute, laws, and their implementing legal acts, and the legal acts of the University;

36.3. be responsible for the overall efficiency of study programmes and research as well as the quality; ensure coherence between the topics (programmes) of study programmes and research, experimental, and technological development, and innovation activities;

36.4. draft the Action Plan of the Center and its amendments and submit them to the Council for approval; organise measures, accumulate resources, and create incentives necessary for the implementation of the Action Plan of the Center; monitor, control, and regulate the implementation progress of the Action Plan of the Center, as well as take responsibility for the quality of implementation of the Action Plan of the Center;

36.5. submit the annual performance report of the Center to the Council for consideration;

36.6. submit the candidatures of deputies to the Director of the Center and their areas of activities to the Council for approval. The elected and appointed Director of the Center may submit the candidatures of deputies to the Director of the Center to the Council for approval before the start of their term of office;

36.7. submit proposals to the Council on the establishment and liquidation of branch academic units and, upon the approval of the Council, propose to the Rector that the relevant amendments to the Regulations of the Center be submitted to the Senate for approval;

36.8. submit proposals to the Council on the amendments to the Regulations of the Center;

36.9. submit the regulations of branch academic units to the Council for consideration and approval;

36.10. submit proposals to the Council on the establishment and/or liquidation of branch non-academic units; upon the approval of the Council, propose to the Rector that the aforementioned units be established and/or liquidated (except for the School of Doctoral Studies);

36.11. submit proposals to the Council on the internal allocation of funds of the Center among units.

36.12. submit the draft annual revenue and expenditure estimates of the Center and the report on its implementation to the Council for approval;

36.13. submit proposals to the Council on the fields of research and/or the topics (programmes) of research, experimental, and technological development, and innovation activities of the Center;

36.14. upon the approval of the Council, submit proposals to the Rector on the student places and admission requirements at the Center;

36.15. submit proposals to the Rector or their authorised persons on the sizes of the cost of tuition of studies carried out by the Center, fees not directly related to the implementation of study programmes, and other services provided by the Center;

36.16. submit the rules governing studies and research at the Center to the Council for approval;

36.17. upon the approval of the Council, propose to the Rector that competitions for the positions of professor and research professor be announced;

36.18. propose to the Rector that employees of the Center be employed, dismissed, or awarded incentives;

36.19. ensure the professional development of the employees of the Center;

36.20. organise and ensure lawful and efficient use of the funds and assigned assets of the Center;

36.21. take responsibility for public procurement at the Center;

36.22. take responsibility for the international relations of the Center;

36.23. coordinate the conclusion of contracts necessary for research and study activities carried out at the Center and ensure the execution of contracts concluded at the initiative of the Center;

36.24. implement the quality policy of the University at the Center, monitor its execution, and take responsibility for the Center reaching the quality indicators;

36.25. perform other functions and characteristic duties conferred on the head of the core academic unit by the legal acts of the University.

37. In implementing the Action Plan of the Center and the functions and tasks assigned to them, the Director of the Center shall, within their competency, issue orders, decrees, and give binding instructions to the academic community and other employees of the Center. Decisions taken by the Director of the Center shall be registered in the University document management system.

38. A permanent directorate may be established at the Center to advise the Director of the Center on the matters of the organisation of the activities. The directorate must comprise the deputies to the Director of the Center, heads of the branch academic units of the Center, the head of the School of Doctoral Studies, the chairperson of the Students' Representation of the University at the Center, and a representative of the doctoral students. The activities of the directorate shall take the form of meetings and shall be headed by the Director or a chairperson of the meeting appointed by them.

39. The Director of the Center may establish activity planning and organisation, international advisor, trustee, and other structures to advise them on a temporary or permanent basis.

40. The mandate of the Director of the Center shall be terminated at the end of their term of office, upon their resignation, or their death. The Director of the Center shall immediately resign in the event that the Council expresses no-confidence in them by a majority of two-thirds of all Council

members or that the Council, by a simple majority, approves the no-confidence expressed by the Rector. If the Director of the Center, in whom the Council or the Rector had expressed no-confidence, does not resign immediately following the adoption of the relevant decision by the Council, their employment contract shall be terminated on the grounds of infringement of this Item and Article 28(4) of the Statute, which constitutes gross violation of professional duties. Until the new Director of the Center is elected, the Rector shall appoint one of the deputies to the former Director of the Center to act as a temporary head of the unit, or, in the event that there are none – another employee of the Center.

CHAPTER V
STRUCTURAL UNITS

41. The structural units of the Center shall be branch academic units with the rights of an administrative unit (institutes, etc.) and branch non-academic units with the rights of an administrative unit (divisions, services, etc.), the number and purpose of which shall be determined following the efficient management priorities of the Center. Organisational structures without the rights of an administrative unit may also be established within the Center.

42. A branch academic unit shall be a structural unit of the Center, the principal activities of which shall be research and studies. The number and names of the branch academic units shall be established in the Regulations of the Center. The name of the branch academic unit, alongside the name of the University, shall be used in the affiliations of scientific publications and other documents related to scientific activities. No less than 20 per cent of the electors of the Center shall work at the branch academic unit (the requirement in this Item shall not be applied to branch academic *sui generis* units).

43. Branch academic units shall have their regulations prepared following the Model Regulations of a Branch Academic Unit and taking into account the Regulations of the Center. The regulations of a branch academic unit, coordinated with the Legislative Division of the University's Central Administration, shall be approved by the Council upon proposal from the Director of the Center.

44. In accordance with the procedure laid down by the laws and the legal acts of the University, a branch academic unit shall have the right to independently take decisions and implement them, while maintaining accountability to the Director of the Center, have a separate budget line for procurement, conclude procurement contracts, and make payments pursuant to them.

45. The branch academic units of the Center shall be the Institute of Biosciences (*Biomokslų institutas* in Lithuanian), the Institute of Biotechnology (*Biotechnologijos institutas* in Lithuanian), the Institute of Biochemistry (*Biochemijos institutas* in Lithuanian), branch academic *sui generis* unit Vilnius University Life Sciences Center – European Molecular Biology Laboratory Partnership Institute (*Centro ir Europos molekulinės biologijos laboratorijos partnerystės institutas* in Lithuanian).

46. A branch academic unit shall have its head – a director of the Institute, elected or appointed following the procedure set out in the Model Regulations of a Branch Academic Unit. The head of a branch academic unit may be a person with a scientific degree who meets the qualification requirements for the job position.

47. Organisational structures without the rights of an administrative unit may operate within branch academic units. In cases when required by national legal acts and/or contracts and when targeted funding is available, units with the rights of an administrative unit may be established and liquidated, subject to the Council's approval upon proposal from the Director of the Center, with approval from the Senate, following the Rector's decision.

48. A branch non-academic unit shall be a structural unit of the Center which shall provide services ensuring the academic activities of the Center and/or perform other non-academic functions of the Center. Branch non-academic units (except for the School of Doctoral Studies) shall be established and liquidated by the Rector upon proposal from the Director of the Center. The

regulations of branch non-academic units shall be approved by the Director of the Center. The School of Doctoral Studies shall be established and liquidated by the Council upon proposal from the Director of the Center and upon approval of the Pro-Rector for Research of the University.

CHAPTER VI
RESEARCH AND STUDIES

49. The Center shall carry out research in the areas of natural and technological sciences, as well as interdisciplinary research, of a high international level. An Advisory Research Board may be established on the matters of research strategy, which consists of one representative from every approved field of research, and heads of branch academic units. The Research Board shall advise the Director of the Center and/or the deputy of the Director of the Center responsible for coordination of research activities.

50. In accordance with quantitative and qualitative requirements and procedure established by the Council, organisational structures without the rights of an administrative unit (scientific thematic groups, divisions, departments, etc.) shall be established within a branch academic unit to organise and carry out research and studies.

51. The Center shall organise full-time and part-time studies. In accordance with the procedure laid down by the law and the legal acts of the University, studies of three cycles – first (Bachelor), second (Master and professional (special)), and third (Doctoral studies) – shall be carried out, as well as minor field, bridging, and non-formal studies.

52. The studies of the first and second cycle shall be coordinated and administered by the deputy to the Director of the Center, who is responsible for the organisation of studies, and the Studies Office, which is subordinate to the Director of the Center.

53. The study programmes of the first and second cycle shall be coordinated, their implementation supervised, and reported to the Council by study programme committees. Study programme committees shall be formed and act following the procedure set out in the legal acts of the University.

54. The chairpersons of the study programme committees of the Center and persons delegated by the Students' Representation of the University shall form a board of studies, which shall advise the deputy of the Director of the Center responsible for the organisation of studies.

55. Following the procedure set out in the legal acts for the purpose of organising and implementing Doctoral studies, Rector-approved Doctoral studies committees for the relevant research fields shall be formed. A school of Doctoral studies may also be established following the Regulations of the Schools of Doctoral Studies approved by the Senate.

CHAPTER VII
ASSETS OF THE CENTER

56. The funds of the Center shall comprise:

56.1. the share of appropriations from the State budget received by the University, which, following the procedure established in the legal acts, is intended to finance first- and second-cycle studies, Doctoral studies, and research at the Center, after the allocation of part of the funds established at the University to cover general expenditures of the University;

56.2. own funds and endowment funds received by the Center for studies and educational services as well as for implementing research, innovative activities and technological development, after the allocation of part of the funds established at the University to cover general expenditures of the University;

56.3. funds received as support to the Center and other lawfully obtained funds, after the allocation of part of the funds established at the University to cover general expenditures of the University.

57. The assets managed and used by the Center shall be part of the University assets assigned for the purpose of implementing the activities established in these Regulations following the procedure set out in the legal acts of the University. The assets of the Center shall be accounted following the procedure established at the University.

CHAPTER VIII
INTERNAL ADMINISTRATION CONTROL OF THE CENTER

58. The control of the financial and economic activities of the Center shall be exercised by the Chancellor or their authorised employees following the procedure established at the University.

59. The monitoring and control of the implementation of the Action Plan of the Center shall be exercised by the Rector or their authorised person based on the conclusion submitted to the Rector by the Council.

_____
